Hi Reid,

Attached is a redline version of the draft preamble with interagency comments embedded. Please let me know if you have any questions about these comments. I'm happy to talk with you about any of them where you may need clarity. In the draft we've asked for clarification, as well as for copies of some of the documents referenced. ([REDACTED]) There are other documents we are requesting, but those two are at the top of my list. b.

There is one more reviewer that I expect to receive comments from next week, but I thought I would pass these along so you and others at EPA can begin to address these.

Regards,
Cortney
